Hon. Commissioner for Patents

Sir:

Responsive to the Office Action dated November 3, 2004, the following remarks are made:

In deference to the restriction requirement on pages 2 and 3 of the above-identified Office Action, applicants elect group I, claims 23-28, for prosecution at this time.

Applicants reserve the right to file a divisional application including the device claims of group II at a later date.

In view of the foregoing, the early issuance of an Action on the merits of claims 23-28 is solicited.

Respectfully submitted,

For Applicants
